

# NJK OIL SEAL CO. DESIGN DATA INFO

Company				Date	
City		State		Address	
Contact		Telephone		E-Mail	
Subject				Attached	
Customer P/N :				NJK Part number :	

<p><u>Type</u></p> <p><b>Spring</b> <input type="checkbox"/> No designation  <input type="checkbox"/> High carbon steel wire <input type="checkbox"/> SS 304  <input type="checkbox"/> SS 316 <input type="checkbox"/> Other : _____</p> <p><b>Metal Case</b> <input type="checkbox"/> No designation  <input type="checkbox"/> SPCC <input type="checkbox"/> SS 304  <input type="checkbox"/> SS 316 <input type="checkbox"/> Other : _____</p>	<p><u>Size indication</u></p>  <p style="text-align: right; font-size: small;">* This drawing is only a schematic diagram of the size</p>
<p><u>Lip Oil</u></p> <p>Oil Type _____</p>	<p>ØS: Shaft diameter      ØD: Bore width      H: Bore height</p>
<p><u>Temp</u> <input type="checkbox"/> °C <input type="checkbox"/> °F      Time _____ min</p> <p>Normal _____      Limit temp L      H</p>	<p><u>Seal Installation Direction</u></p>  <p><input type="checkbox"/>      <input type="checkbox"/></p>
<p><u>Pressure</u></p> <p>PSI Normal/Max _____</p> <p>RPM &amp; Time at Max PSI _____</p>	<p><u>Shaft Installation Thru</u></p>  <p><input type="checkbox"/>      <input type="checkbox"/></p>
<p><u>Shaft</u> <input type="checkbox"/> Horizontal <input type="checkbox"/> Vertical</p> <p>Material _____      Finish _____      Hardness _____</p>	
<p><u>Bore</u></p>	
<p><u>Motion</u></p> <p><input type="checkbox"/> Rotating      RPM Normal/Max _____             Shaft Runout, TIR _____             Misalignment _____</p> <p><input type="checkbox"/> Reciprocating      Stroke Length or ° of Arc _____</p> <p><input type="checkbox"/> Oscillating      Cycles/Min _____</p>	<p>Direction From Air Side</p> <p><input type="checkbox"/> Clockwise  <input type="checkbox"/> Counter-Clockwise  <input type="checkbox"/> BI-Rotational</p> <p>Frequency of Rotation</p> <p><input type="checkbox"/> Continuous  <input type="checkbox"/> Intermittent</p>

<p><u>Special Operating Condition</u></p>	<p><u>Special Assembly condition</u></p>
